

THE BOURBON NEWS

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XLI

PARIS, BOURBON-COUNTY, KENTUCKY, TUESDAY, MARCH 1, 1921

THE TOBACCO MARKET.

Tobacco prices in the Paris market held up fairly well last week, considering the low quality of the offerings throughout the five days of selling. The average was slightly lower than for the past two weeks, but it is thought the market is holding its own, if not gaining strength, with so much low grade stuff on the sales.

Toward the latter part of the week a slight increase in prices was noticeable, though the average was never very high. This strength in the market continued up to and including Friday. It is the general opinion of the warehousemen and farmers that most of the best grades of tobacco has already been sold, and that the peak of prices has been reached. Tobacco continues to come to the local market in large quantities. Many of the farmers are now bringing in an inferior grade of leaf, which tends to hold the market averages down. Most of the crops have already been picked over.

The Independent Tobacco Warehouse Co. sold at their Thursday sale, a total of 154,065 pounds of tobacco, for an average of \$13.05. The highest average of the sale was realized for a crop of 2,535 pounds, belonging to Lail & Tatem which brought an average of \$31.34. Other crops averaged ranged from \$21.00 to \$27.00. The quality of the offerings was medium.

At the sales held Friday the Bourbon Tobacco Warehouse Co., sold a total of 269,350 pounds of tobacco for \$29,752.05, an average of \$11.47. Prices at this sale ranged from \$1 to \$72, the latter price being paid for a basket from the crop grown by Isgrigg & Jones. The best sale of the day was a crop of 1,575 pounds, sold by Isgrigg & Jones, which brought an average of \$37.67. Other crops average ranged from \$20 to \$30.

BOURBON MAN SELLS FINE LOT OF HORSES.

Five fine Bourbon bred horses, property of William Collins, of near North Middletown, were sold in the Tattersalls sale of fancy saddle bred stock, held in Lexington, last week. Luke McLuke, a six-year-old bay gelding by Roosevelt, brought the top price of the Collins consignment, selling to E. J. Walsh, of St. Louis, for \$700. The Collins consignment comprised the following:

Luke McLuke b. g., 6, by Roosevelt—Black Bettie by King Richard; E. J. Walsh, St. Louis, Mo.—\$700.
Madelon, b. m., 5, by Roosevelt—Belle Mac, by King William II.; John P. Brown, Lexington—\$390.
Capt. Jack, br. g., 5, by Roosevelt—Lena Collins by Sterling Denmark; Dr. N. H. Downe—\$330.
Bay gelding 5, by Roosevelt—Princess Lou, by Roosevelt; John P. Brown, Lexington—\$140.
Black gelding, 5—\$200.

FATHER COLEMAN TRANSFERRED TO LUDLOW CHURCH.

Orders transferring Rev. Father Thomas Coleman from the pastorate of the Church of the Annunciation in this city, to the Ludlow church, which is the nature of a promotion, were received by Father Coleman, Sunday, from Bishop Brossart, of Covington. Father Coleman was instructed to report at Ludlow Thursday, where he will succeed Rev. Father Thomas Kehoe, who died Friday, as pastor of St. James Church. Father Coleman will be succeeded here by Rev. Father O'Hara, of Nicholasville.

No event in recent days has made so profound an impression in Catholic circles as the transfer of Father Coleman, who, during his stay here of a little more than one year, had become securely entrenched in the hearts and affections of his congregation, who felt for him a sincere regard as a man and minister. The announcement of his transfer to the new charge was made at the masses held at the church Sunday morning, and was heard with sincere regret, the members of the congregation being moved to tears.

Father Coleman came to Paris from Maysville, and in a short time became a power for good in the community. He was recognized as a man of the people, a man of intellect, and one to whom his duty as a minister and shepherd of his flock was ever his first thoughts. He is loved here not only by the members of his congregation, but by men of all walks of life, who have met him personally. He has built up the local church, which was without a pastor for a long time, and his residence among us has left an indelible impress for the good it wrought.

Last Christmas the members of the Paris church presented Father Coleman with a handsome automobile for making pastoral calls and other church work. In his announcement Sunday he stated that he would leave the car here for the use of Father O'Hara, but at the close of the service the trustees of the church held a meeting and decided that he should take it with him.

The Ludlow church is one of the largest in the Covington diocese, serving about three hundred families, while about 150 Catholic families are served within the jurisdiction of the Paris church. Father Coleman will leave Paris with the good wishes and prayers of not only his own people, but those of all others who know him for what he is.

ATTEND THE HORTON SALE NEXT SATURDAY.

Don't fail to attend the public sale of stock, crop, farming implements, dairy cows, household and kitchen furniture, etc., to be held next Saturday, March 5, by J. L. Horton, on his farm, on the Hume and Bedford pike, near Paris at 10:00 o'clock a. m. George D. Speakes, auctioneer. (1-2t)

DEATHS.

GUTZEIT.

Mrs. A. M. Gutzeit, a former resident of Paris, died in a Cincinnati hospital, Sunday morning, after a protracted illness due to a complication of diseases. Mrs. Gutzeit, for many years a resident of Paris, where he was organist for the Christian Church, and teacher of classes in piano and organ. Prof. Gutzeit served two terms as Magistrate from the Paris precinct, in the Bourbon Fiscal Court.

Mrs. Gutzeit is survived by two sons, August Gutzeit, of Cincinnati, and Sweeney Gutzeit, who has a through run on the Louisville & Nashville between Cincinnati and Knoxville.

The body will be sent to Paris, arriving here on the 10:10 L. & N. train this morning, and will be taken to the Paris Cemetery, where the interment will take place on the family lot, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian Church.

MATTOX.

Charles Robert Mattox, aged thirty-two, who has been engaged in farming near Paris for several years, died at his home on Virginia Avenue, in this city, Sunday, following a protracted illness. Mr. Mattox was a native of Bath county, a son of Mr. and Mrs. B. J. Mattox, of that county.

He is survived by his parents, four brothers, Henry, Silas and Melbourne Mattox, all of Bourbon county, Adam Mattox, of Fayette county, two half-brothers, Floyd Mattox, of Bourbon county, and Melvin Mattox, of Mt. Sterling, one sister, Miss Annie B. Mattox, of Fayette county, and one half-sister, Mrs. Lizzie Kenton, of Bourbon county.

The funeral was held at 2:30 o'clock yesterday afternoon, with services conducted at the grave in the Paris cemetery by Rev. Arthur Fox, pastor of the Paris Baptist church. The commitment services at the grave were in charge of Paris Lodge No. 2, F. & A. M., of which he had been a worthy member.

LEEDS.

A message received in this city Friday from Dallas, Texas, announced the death at that place of Mrs. Sarah Alcorn Leeds, a former resident of this city, who moved to that place several years ago. Mrs. Leeds had been ill for some time, due to the infirmities of age, and her death was not unexpected. Mrs. Leeds was in her eightieth year.

Mrs. Leeds during her residence in Paris, was a consistent and worthy member of the Paris Methodist church, and was a woman of the highest Christian character. Before her marriage she was Miss Sarah Alcorn, of New Richmond, Ohio. She was well-known to most of the older residents of Paris, who, with other friends throughout the Bluegrass, regret to learn of her passing away.

Mrs. Leeds is survived by four children, George Leeds, of near Paris, William Leeds, of Richmond, Lee Leeds, of Texas, and Mrs. J. T. Pryor, of Dallas, Texas, with whom she had made her home since leaving Paris.

CLARK.

Walter Clark, one of the best-known men in public life in Bourbon county died suddenly at his home on Fifteenth street, about eight o'clock, Friday night, after a very brief illness due to heart trouble. Mr. Clark had been indisposed for several days, but was able to be up and about until Friday morning, when he was compelled to remain in bed. His condition responded to medical treatment, but half an hour before the end came he suffered a relapse, and sank into a coma from which he failed to rally, death coming suddenly.

Mr. Clark was a son of the late Mr. and Mrs. Edwin Clark, pioneer citizens of Bourbon county, and was born in the old family home near Jacksonville. As a young man most of his life was spent on the farm. He developed into a successful handler and breeder of horses and for many years was engaged in that industry.

He was for many years a member of the firm of Turney, Clark & Mitchell, who conducted large stables in this city, and was engaged in livestock trading. He was recognized as an authority on horses, and was one of the best-known men in that industry in the State.

At the time of his death Mr. Clark was filling the position of County Tax Commissioner, and was a candidate for re-election. In the discharge of the duties of that office he brought the same business acumen that had distinguished his career along other lines. He was an honored citizen, a devoted husband and father, and a man whom everyone liked for his many many qualities. In early life Mr. Clark united with the Paris Baptist church, of which he had been a consistent member ever since. He was one of the most earnest and zealous workers in that church and had served for many years as deacon. He was a member of Bourbon Lodge, No. 26, I. O. O. F. At the meeting of the State Board of Tax Commissioners held in Frankfort last fall Mr. Clark was by a unanimous vote elected president of that body.

In 1881 Mr. Clark was united in marriage to Miss Mattie Edwards, daughter of the late Mr. and Mrs. Jonathan Edwards, of Paris. To this union three children were born, Miss Patsy Clark, of Paris, Ray Clark, of Battle Creek, Mich., and Wallace Clark, of New Jersey, who is now enroute to Australia, on a business mission for the American Tobacco

HIGH SCHOOL PICTURE AT THE GRAND, MARCH 5TH.

The film version of the Sixth Book of Vergil's "Aeneid," mentioned in a recent issue of THE NEWS, will be shown at the Paris Grand Opera House, at 10:00 a. m., Saturday, March 5. The admission will be twenty-five cents.

As this is the first and perhaps only visit of the picture to Kentucky, we feel that other teachers, students and friends of the classics should have the opportunity to partake of the literary feast. Accordingly, invitations are being extended throughout the Bluegrass.

It is especially hoped that many lovers of literature in Paris will see the reels. Your presence will have a double significance. It will identify you as a citizen interested in the school, that organization on which future citizenship most largely depends; it will afford you very real enjoyment at the time, and also make your reading a greater pleasure through the visual understanding of many illusions of the ancients' conception of the underworld.

Here is a chance for a glimpse of the intangible, cultural things which, in the midst of work and worry, make life richer. It is true, as some one says: "We can live without the classics, but not so well." Was not Martial equally correct when he said, "Non est vivere sed valere vita?" Remember the place and date, the Grand Opera House, Paris, Ky., Saturday morning, March 5.

NAVAL PORTFOLIO IS ACCEPTED BY DENBY.

Definite announcement has been made by President-elect Harding that he had selected Edwin Denby, of Detroit, for Secretary of the Navy, and Theodore Roosevelt, son of the former President, for Assistant Secretary. Both have accepted.

The announcement followed a long conference between the President-elect and Mr. Denby at which the naval program of the next administration was discussed in its possible relation to the movement for world disarmament. Details of the decisions reached were not revealed, but Mr. Harding said afterward that he wanted to see the present naval building program carried ahead until there had been some definite disarmament agreement.

BOURBON JAIL BREAKER WILL LOSE LEG.

Bob Green, colored, who some time ago escaped from the Paris jail by jumping from the wall to the ground, a distance of twenty-five feet, has been located in Cincinnati by Chief of Police Link, and is being held there awaiting requisition papers for his return to Paris.

Green was held here on three charges, housebreak, forgery and grand larceny. In attempting from the wall in making his escape his foot was injured. Gaugre developed since his arrest. Physicians expressed the opinion that amputation of his foot above the ankle would be necessary. He will be returned to Paris as soon as his condition will permit.

BLUE GRASS DENTAL SOCIETY HOLDS MEETING.

Drs. M. H. Dailey and Raymond R. McMillan, of Paris, attend the meeting of the Bluegrass Dental Society, held Saturday night, in the Lafayette Hotel, in Lexington. The meeting was followed by a banquet, at which covers were laid for thirty-five guests. The meeting was presided over by Dr. W. S. Johnson, of Danville, President of the association.

The next meeting of the Society will be held at the Lafayette Hotel, in Lexington, on Saturday, March 26. Dr. R. R. McMillan, of Paris, will read a paper on "What Service Should We Expect From Synthetic Porcelain?"

NOTICE.

Foot specialist permanently located. Dr. J. W. Weber, the chiropodist, (foot doctor) has removed his office from the Windsor Hotel to the Bourbon-Agricultural Bank Building and can be seen there every Tuesday, Wednesday and Friday. Those who suffer with their feet can see him Tuesday, Wednesday and Friday, at the Bourbon-Agricultural Bank Building. (22-1f)

ARDERY DRUG CO.

(1-2t)

Company, of New York. One brother, James Clark, of Spring Station, Woodford county, also survives. Clark Fritts, of Lexington, former resident of Paris, is a nephew. The funeral was held at the family home on Fifteenth street, Sunday afternoon, at three o'clock, with services conducted by his pastor, Rev. Arthur Fox. The burial followed in the family lot in the Paris cemetery. At the grave the committal services were in charge of the Odd Fellows lodge.

The pall-bearers were fellow-officers in the Baptist church, S. E. Bedford, W. H. Clarke, J. T. Martin, Dr. D. S. Henry, Chas. Green and A. M. Houston.

THE GIRL IS CURED BY CHIROPRACTOR

Little Eight-Year-Old Miriam Rubin Now On Road To Recovery After Treatment

WAUKEGAN, ILL., Feb. 25.—After talking helplessly for 212 hours in defiance of every remedial effort known to medical science, little 8-year-old Miriam Rubin is on the road to recovery.

One week of incessant prattling had so weakened the little Waukegan girl that ten days ago physicians pronounced her condition as extremely critical. It was feared she might succumb to a nervous collapse unless some method could be found of quieting her.

This strange malady has baffled specialists. Every form of sedative had been administered, but to no avail. Finally, Dr. Paul Berger, a chiropactor of Waukegan, asserted confidently that he could save the child's life and pleaded for the opportunity. Dr. R. H. Nesbitt, the family physician, and two other consultants agreed.

All other treatments were immediately suspended and Dr. Berger made an examination.

The child was placed in a chair, her back bared to the waist. The chiropactor placed a pad beside him containing a chart of the spine and its vertebrae.

Then he began running trained fingers along the spinal column, much as a musician runs the scale on a piano, and making checks upon his chart.

"Here it is," said Dr. Berger. "As I suspected, the second and fifth vertebrae have been sprung out of place. One of them has pinched the nerves which control the organ of speech. The other, perhaps, is causing her wakefulness and her high fever. If you will place your fingers in this position, Dr. Nesbitt, you will observe the misalignment."

Dr. Nesbitt agreed with the diagnosis.

"And now," said Dr. Berger, "to spring them back into place."

The chiropactor's strong hands exerted pressure upon the child's small back. There was an audible snap. The child emitted a sigh.

Shortly thereafter her temperature dropped four degrees and she lapsed into the first slumber she has had for a week.

"There will be more trouble," said Dr. Berger. "The muscles will again pull the vertebrae out of alignment. Recurring treatment will be necessary until this abnormality is overcome. But I hope that we have struck the right track."

When she awakened she immediately began babbling again about teacher, her dolls, mamma, and other objects closest to her heart.

But she talked less rapidly and more coherently, and the next night fell asleep again for an hour and a half. She is now near normal and is expected to start to school soon.

It was a keen human interest in the case that led Dr. Berger to ask for the privilege of proving his contention that the disorder originated in the delicate nerve centers in the spinal column. The doctor has a daughter, Beatrice, of the same age as Miriam, and felt more than a purely professional interest in the case.

A fall or some such sudden violence is assigned as the original cause of the difficulty. It is believed to have been aggravated by the interpretative dancing which Miriam has been studying recently.

ARM BROKEN WHILE CRANKING MACHINE.

George Boaz, of near Paris, sustained a compound fracture of the bone in his right arm recently, when his machine backfired while being cranked. Mr. Boaz was given immediate medical attention and removed to his home.

Cut Flowers!

We order from either Christman, of Paris, or from Lexington florists, your choice. Quick delivery and careful attention to all orders.

JO VARDEN

EXTENSIVE IMPROVEMENTS UNDER WAY AT PARIS ICE PLANT.

In accordance with their announced intention of making the local ice plant one of the best in Central Kentucky, the new owners, John R. Solar and D. E. Pendry, who recently took charge, have inaugurated an extensive scheme of improvements in installing new machinery, and bettering the condition of the plant in every way tending toward better service.

Two new 100-horsepower boilers of the most approved type have been installed, and the old boiler, of 150-horsepower, is being held in reserve for emergency. New pumps have been installed. The ice-making machines are being overhauled and repaired and put in first-class condition. New ice cans and a new absorber have been added to the working equipment. In fact, the scheme of improvement will embrace a general overhauling and strengthening of the whole plant, putting it on a working basis, where the best result will be obtained from every piece of machinery in operation in ice-making.

Included in the improvements is a large cold storage room for the reception and storage of perishable goods for the merchants of Paris and the county. This room will have a large capacity, big enough to meet all demands on it. The new ice-making plant will have a daily capacity of forty-five tons of fine ice, which will be guaranteed as a daily output during the season. The delivery wagons are being overhauled and repainted a light green color. No cash will be received by the drivers, the business in the future to be conducted entirely on the coupon ticket plan. A representative of the company will call on the citizens and business men and explain the ticket plan. You can assist the work by buying tickets, the best and most economical plan for both manufacturer and consumer.

Watch for the green wagons. One unit of the new plant will be ready to put in operation by to-day, Tuesday, March 1, and the other in April. The united units will make for the best ice-making plant in Central Kentucky, bar none. Messrs. Solar and Pendry invite the people of Paris to call and inspect the plant, which will be open in all its departments for that purpose.

John R. Solar and D. E. Pendry, the new owners and managers of the plant, are looking for homes and will move to Paris as soon as they can secure suitable quarters. They are representative business men, and live wires in their line. They propose to give Paris an ice-making plant that will rank with the highest.

NEW AUTO OWNERS.

The Kittrell & Calloway Co., of Lexington reports the sale of a Reo speed wagon to the Renaker Poultry Co., of Paris. Wm. Phillips, of Lexington, reports the sale and delivery of a Franklin Sedan to Mrs. Wm. B. Woodford, of near Paris.

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid. (adv.)

Ancient Song.
The English-speaking peoples' song of acclamation, "For He's a Jolly Good Fellow," is sung to a tune that has been popular for a thousand years or more. Composed, it is said, in Babylon, the ancient Egyptians popularized it in Africa and Asia Minor, where the Arabs sing it to this day.

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggy. You, too, want lots of long, strong, beautiful hair.
A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists! (adv-T)

Job Required Two.
"What's the idea of having an assistant treasurer in that small company of yours? Have you got so much money that it takes two of you to look after it?" "No; we have so little it takes two of us to find it."—Boston Transcript.

TOXIC CANDLES AS WAR WEAPON

Diphenylchlorarsine Develops Vapor Which Penetrates Gas Masks, Says Expert.

SMOKE CANDLES ARE USEFUL

Conceal Movements of Small Groups of Men Close at Hand—British Developed Candles Which Were Used by All the Allies.

Philadelphia.—Toxic smoke candles, recently developed, will have an extensive use in future wars, in the opinion of L. I. Shaw of the internal bureau of mines, who recently spoke on "Smoke and Incendiary Material" before the Franklin institute.
"Smoke candles, so called," he said, "are small cylindrical boxes which are ignited by same sort of friction device, and which contains smoke producing mixtures. Their use is in setting up a smoke screen close at hand, for after ignition they are simply set on the ground, not being thrown or projected in any way. The need is very apparent to make the movements of small groups of men close at hand possible.

Tried by British.
"The British, early in the war, developed very satisfactory smoke candles which were used by all the allies. The Americans also developed a candle which was satisfactory, but which did not get into production and use in France before the armistice. The smoke is normally white, must have maximum capacity and be cool enough to prevent the setting up of air currents and thus rise from the ground. It must be heavy so as to be displaced by the minimum amount of wind at low velocity. These requirements are admirably met by candles which produce a smoke consisting of zinc chloride.

"As regards the future of incendiary material, my own opinion, which opinion, however, is substantiated by at least some of the military critics, is that incendiary material, except for small arms and long range shell and drop bombs, will have at least a limited and, perhaps, no use. The flame projectors will probably never be used in a future war. Smoke material, on the other hand, will have a very extensive and ever-increasing use. By the use of the smoke screen during an attack the casualties can be largely reduced.

New Use of Smoke.
There was in progress of development by the British and Americans during the latter part of the war smoke candles which would give a toxic smoke. The toxic material employed was diphenylchlorarsine. Diphenylchlorarsine is a solid which vaporizes in the heat of the candle and is obtained in such a state of division that it will penetrate most gas masks. Such toxic smokes, of which there will probably be others developed, will find a very extensive use in the future. It is the greatest step made thus far in the new use of smoke."

CATS DO NOT RECOGNIZE MILK

Refuse to Drink Strange Liquid in Hungary—Pet Dogs Turn Vagrants.

Budapest.—Even the cats and dogs of Central Europe have degenerated as a result of the war, says Professor Balkanyi, director of the veterinary schools here, who is investigating how the habits of domestic animals have been influenced by that cause.

Most of the town-bred cats in this part of the world refuse to drink milk, because it is unknown to them, due to the lack of milk during the war, the professor asserts.

"Both cats and dogs are relapsing to the savage ways of their untamed ancestors," he says. "The vagrancy of dogs is startling. Pet dogs elope from heart-broken mistresses, joining packs of many village dogs, where they live in communist equality."

The same authority stated that, besides hydrophobia, nervous diseases are very frequent among animals, and that stock must be replenished from overseas.

Man's Gold Tooth Stolen by Expert Pickpocket

New Orleans.—There is in New Orleans a pickpocket who is expert enough to fulfill the time-honored specification test of being "able to steal a man's gold teeth." He demonstrated this when he stole a gold tooth which had previously been the property of Adrien A. Chazulle, 1030 St. Philip street. However, the tooth happened to be in Mr. Chazulle's purse at the time, and it was the purse which the pickpocket took while its owner was a passenger in the Louisiana avenue street car.

Slow Clock Costs Railroad Money.
Decatur, Ala.—Because the clock in a railroad station was slow, causing her to miss the train on which the body of her dead son was being conveyed, Mrs. Ellen Carey has been awarded \$500 damages against the Louisville and Nashville railroad.

HE WOULD NEVER PAY TWICE

Wash White Gave His Note in Payment for Mule—Thought That Was Sufficient.

Kansas City, Kan.—A United States district attorney, who has rounded up many of the country's oil stock swindlers, said in a speech here the other day:

"It's pitiful to see how foolish a great many people are when it comes to a question of finance.

"Old Wash White is a good example of financial foolishness. When Wash's boss got back to the delta from the North one day, he found the old man driving a fine young mule hitched to a handsome wagon. Now Wash was a notoriously shiftless customer, and so his boss said to him: 'Where did you get that splendid turnout, Washington?'

"Ah done boughten it at Magnolia, sah," said Wash.

"How much did it cost you?"

"Ah done give ma note fo' \$200 for it, sah."

"Good gracious," said the boss, "where do you expect to get \$200 to meet your note when it falls due?"

"Wash looked astonished and offended.

"'Fo' de Lawd's sake, boss man," he said, "you sho'ly don't expect me ter give mah note an' pay, too?"

HOG HAS NERVOUS COLLAPSE

Bird-Hunting Porker Had Been Left Near Fowl for Three Days.

Natchez, Miss.—The famous bird-hunting hog owned by Tucker Gibson, widely known Louisiana huntsman, has suffered "nervous prostration" and is in a serious condition, according to its owner, who recently brought the hog here from Louisiana to train for the Springfield trials.

According to Mr. Gibson, after the field trials in which he felt assured his porcine phenomenon would make good in competition with the dogs entered, he had intended exhibiting the hog in vaudeville, and with this end in view had secured a number of birds to be employed in the act. Mr. Gibson left home for several days, leaving the birds in a cage. On his return he found the porker had located the birds and had been "poluting" them continuously for three days and nights. The intense mental strain, together with the fact that the hog had not eaten during that time, he said, brought on a "general collapse."

Start Across U. S. in Ox-Drawn House

Greenwich, Conn.—With his home and virtually all of his belongings destroyed by fire, J. C. Berrang, a farmer of Worcester, Conn., built a house on wheels and started for California, where he has relatives. The novel wagon is drawn by a pair of oxen which Mr. Berrang raised.

It contains almost every convenience to be found in a house, having drop beds, an oil range, a refrigerator and cooking devices inside. A trailer in the rear, which carries supplies for the oxen, is drawn by a third ox, which is led by the farmer's wife.

The couple average about ten miles a day, and expect to reach California in a year and a half. They are about sixty years old.

"FOOL TO GIVE WIFE ALL PAY"

Judge Calls Generous Husband Brainless and Reduces Amount of Alimony.

Detroit, Mich.—"A man is a fool who turns over all his earnings to his wife."

This statement was made from the bench by Judge Harry Dingeman, when Joseph Lenkiewicz was pleading to be relieved of the payment of alimony.

"What did you do with all the money you made when working?" Judge Dingeman asked.

"I always gave every cent to my wife when I lived with her, and have nothing left," Joseph replied.

"I can't protect a man who has no brains," Judge Dingeman said, after which he reduced the payments from \$10 to \$6 per week until Joseph gets a job.

WOMEN TURN TO BURGLARY

Fair Robbers Increasing in France; Widow Leads Gang of Housebreakers.

Paris, France.—Woman robbers are becoming nearly as numerous as their male counterparts in France and a number of them have already been arrested.

The police have just seized a gang of burglars who have long been wanted by the authorities for housebreaking in the suburbs and discovered that the band was led by a widow, aged 54, and her three sons. Another of the burglars was aided by his sister, and two other women were connected with the gang.

Burned Wife to Get \$23,000, Is Charge.
Aberdeen, Miss.—William A. Thweatt, a planter of this place, has been arrested on a charge of murder in connection with the death of his wife, who was burned to death in a fire that destroyed their home. A coroner's jury found that Mrs. Thweatt was insured for \$23,000, payable to her husband.

REBELLION IN STOMACH

"Pape's Diapepsin" at once ends Indigestion and Sour, Acid Stomach

Lumps of undigested food cause pain. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surliest, most harmless stomach antacid is Pape's Diapepsin, which costs so little at drug stores. (adv.)

The Trouble.

"Everybody about that bank seems to be catching cold. Is it damp?" "No; but there are so many drafts about it."

Lost Ring

Somewhere in Paris, on February 3, a solitaire diamond ring. Finder will receive reward by returning to my office, over G. S. Varden & Son's drug store.

MRS. HARRIET MINAKER. (15-1f)

Meaning of Feverish Dream.

To dream you have a fever signifies that you will excite the envy of your friends; also difficulties with your lover.

"Cold in the Head"

An acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

All Druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

ANNOUNCEMENTS.

FOR STATE SENATOR

We are authorized to announce HENRY S. CAYWOOD, of North Middletown, as a candidate for the office of State Senator from the Twenty-eighth Senatorial District, comprising the counties of Bourbon, Clark and Montgomery, subject to the action of the Democrats at the polls.

FOR REPRESENTATIVE

We are authorized to announce JAMES H. THOMPSON, of Paris, as a candidate for re-election as Representative from Bourbon County in the Lower House of the Kentucky Legislature, subject to the action of the voters of the county at the primary election, August 6, 1921.

We are authorized to announce JAMES M. CALDWELL, of Bourbon county, as a candidate for Representative from Bourbon county, in the Lower House of the Kentucky Legislature, subject to the action of the voters of the county in the primary election to be held on August 6, 1921.

FOR SHERIFF

I hereby announce myself as a candidate for the Democratic nomination for Sheriff of Bourbon County at the Primary Election in August, 1921. When elected Sheriff my Deputies will be "Bob" Gilkey and "Doug" Thomas, Sr.

PEALE COLLIER.

R. ED BEDFORD, candidate for Sheriff of Bourbon County, respectfully solicits your support and influence.

David E. Clark and W. Fred Link, Deputies.

FOR COUNTY CLERK

We are authorized to announce REARCE PATON as a candidate for Clerk of the Bourbon County Court, subject to the Democratic primary election, to be held on Saturday, August 6, 1921.

We are authorized to announce J. M. CAYWOOD as a candidate for Clerk of the Bourbon County Court, subject to the action of the Democratic primary election, to be held on Saturday, August 6, 1921.

FOR JAILER

We are authorized to announce JOS. A. SMITH, of the Little Rock vicinity, as a candidate for the Democratic nomination for Jailer of Bourbon county, subject to the action of the voters at the primary election, in August, 1921.

We are authorized to announce JAMES E. TAYLOR, of Paris, as a candidate for Jailer, subject to the action of the Democratic voters at the primary election, August 6, 1921. He respectfully solicits your support and influence in his candidacy.

We are authorized to announce JOHN MAHAR, of the Millersburg precinct, (familiarily known as John Foster) as a candidate for Jailer of Bourbon county, subject to the action of the Democratic voters of the county. Mr. Mahar respectfully solicits the support of the voters in his candidacy.

Ed Herrin, of Paris, Ky., is a candidate for Jailer of Bourbon county, subject to the action of the Democratic primary.

We are authorized to announce W. O. BUTLER, of Paris, as a candidate for the office of Jailer of Bourbon county, subject to the action of the voters in the primary election, August 6, 1921. He respectfully solicits your support.

FOR TAX COMMISSIONER

We are authorized to announce JOE B. SMITH as a candidate for Tax Commissioner of Bourbon County, with FRANK COLLINS as Deputy County Tax Commissioner, subject to the action of the Democratic party.

We are authorized to announce JAS. H. MORELAND, of Paris Precinct No. 2, as a candidate for Tax Commissioner of Bourbon County, with VIRGIL "TUCK" Barton, of Millersburg, as Deputy, subject to the action of the Democratic voters of Bourbon county.

We are authorized to announce JOHN J. REDMON, of the North Middletown precinct, as a candidate for Tax Commissioner of Bourbon county, with THOMAS TAUL, of Paris, as deputy, subject to the action of the Democratic voters of Bourbon county.

FOR DEPUTY TAX COMMISSIONER

Ben Woodford, Jr., will make the race for Deputy in connection with Walter Clark as Tax Commissioner in Bourbon County, subject to the action of the Democratic party.

FOR POLICE JUDGE

We are authorized to announce THODORE P. NIX, of Paris, as a candidate for Police Judge of the City of Paris, subject to the action of the voters at the primary election on August 6, 1921.

We are authorized to announce ROBERT S. PORTER, of Paris, as a candidate for Police Judge of the City of Paris, subject to the action of the voters at the primary election on August 6, 1921.

YANKEES LIKE WESTERN TALES

Doughboys on the Rhine Show Preference for Stories of Adventure in the West.

JULIUS CAESAR A FAVORITE

Activity of Caesar in Rhine Valley Makes Translations of His Gallic Wars of Interest to Soldiers—Legends Also Popular.

Coblentz.—Tales of adventure in the American West are the favorite reading matter of the American forces in Germany, and Zane Grey is the most popular author.

Strangely enough, Julius Caesar runs a close second with the doughboys, who are very keen about translations of Caesar's activities in the Rhine valley and the ruins of a bridge he built across the Rhine, which lifts Caesar's work out of the schoolbook class and makes it a guidebook that carries the Americans back nearly 2,000 years.

Books which describe the legends centering about the Rhine are also popular, especially with the soldiers who are musically inclined and who attend the Wagnerian performances given by the various German grand opera companies which play in Cologne, Coblentz, Wiesbaden and the other cities near the Rhine frequented by soldiers on leave.

Like Story Magazines.

All-story magazines which specialize in adventures are more popular with the American soldiers than any other periodicals, and the American Library association has been unable to supply the demand for publications of this sort.

With the assistance of the Young Men's Christian association, which aids in the distribution of reading material in the American area, Miss Ala Weyth, who is in charge of the American Library association's reading rooms, has been able to make a general poll of the reading taste of the army and finds that foreign residence has not won the young Americans away from fiction laid in America, particularly in the West.

The American Library association has about 30,000 books available for Americans, French, Belgians and English residents of the occupied area, and also has circulated many books by mail to Americans living in other parts of Germany. Three hundred copies each of 36 American weekly and monthly publications, in addition to a large number of newspapers, have been taken by the organization and circulated through the branch libraries at Andernach and Mayen, as well as through the American base hospital and the main library in Coblentz.

Turned Over to Y. M. C. A.

With the beginning of 1921, the American Library association turned its books over to the Y. M. C. A. and is no longer supporting the work.

The main library in Coblentz was formerly a German officers' club and is ideally suited to library purposes. It has a great ballroom, which makes an excellent reading room, and also has sun parlors and large drawing rooms, with many windows. Many Germans have asked for the privilege of using the library, but this has been denied, as the army did not think it advisable. One German told the librarian he had lived many years in America and should really be allowed to have books, because he was an American "in principle."

"Let's Go" Is Foremost Among Slogans of War

Washington.—"Let's go," was the chief battle slogan of the American army in the world war. There were other popular and effective phrases used by the troops—"Where do we go from here?" and "When do we eat?" for instance, but in the opinion of Col. Edward L. Munson, chief of morale, general staff, made public recently, "for everyday use, in rest, or in battle, the slogan 'let's go' stands foremost."

Noisy Geese Give Fire Alarm.

New York.—Two thousand geese, ducks and chickens, awaiting death in a poultry shop, chorused an alarm for fire that caused heavy property loss in eleven retail clothing and food stores in the Bronx.

The unusual squawking awakened residents of the neighborhood and attracted a policeman, who telephoned fire headquarters. The blaze was controlled by firemen after a two-hour fight.

Active a Century, Dies at 102.

Davenport, Ia.—Aaron H. Guzman, who would have reached the age of 103 on May 2 had he lived, died at his home in Washington, Ia., near here after being unconscious two days with an attack of the grippe.

Take a Joy Ride to the Cemetery. Louisville, Ky.—Funeral directors of Kentucky have appealed to Gov. E. P. Morrow to have hearses classified as pleasure vehicles and not as trucks. There's difference of \$2 in the license.

FIND LATENT TALENT

Psychology Used in Tests at University of Wisconsin.

Experts Hunt Among Freshmen for Material for Likely Journalists and Machinists.

Madison, Wis.—Psychological tests of ability for machine shop work evidenced by freshmen in the college of engineering are being undertaken by the department of psychology at the University of Wisconsin.

The results of the tests are being computed by students in vocational psychology as a part of their work in preparing to become employment managers.

Another set of tests designed to gauge journalistic ability is to be given to freshmen in the course of journalism in conjunction with schools of journalism in other universities. These tests will be given for several successive years to determine whether it is possible to discover latent newspaper talent through psychology tests.

The system of giving psychological tests, instead of regular entrance examinations to students who wish to enter a university, has been tried in several universities. The idea is that a student who has a good mind, but has insufficient or inferior high school training, may be advised as to the lines of study for which he is best fitted.

In this regard, the University of Wisconsin is giving more specific tests than most other universities. By giving a dozen or more tests for the same results, the psychologists at the university are determining which tests are best. In a small series of tests already conducted, however, the results do not correspond well with the scholastic records of the students tested.

GIANT FROM NORWAY

John Aason is 8 feet 9 inches tall, weighs 503 pounds and is eighteen years old. He was born in Mimedale, Norway, and comes of a race of giants. He wears No. 21 shoes and nine yards of cloth are required to make a suit for him. In the picture he is shown in comparison with a man of average size.

FUR COAT MAKES "DIPLOMAT"

"Rubberneck" Guide Heaps Unexpected Honor on Newspaper Correspondent.

Washington.—Hudson Hawley, formerly in the American expeditionary force and now a Washington correspondent, has an overcoat made of an Arizona wildcat skin. It has a marabou collar.

Small of stature and wearing a pointed, upturned mustache, Hawley has created a sensation in Washington with his striking civilian attire, but he just won recognition from a most unexpected source. Having been made Paris correspondent of a press association, he went to the French embassy to have his passport vised.

Hawley emerged from the main entrance of the embassy and drew the collar of his fur coat up around his cheeks just in time to hear the official barker on one of Washington's "rubberneck wagons" announce in stentorian tones in the load of tourists: "You may now see the French ambassador leaving the official residence."

There Was She, Waiting.

Flora, Ind.—Fred Rhodes awoke at his home several miles out in the country to find the roads blocked by snow drifts. He was to marry Miss Vera Gardner 80 miles away, but by the time he had cleaned a path through the snow and had made a horseback trip to Elkhart, his train was gone and he was nine hours late reaching the bride's home. She was still waiting.

Doe Wanders Through Town.

Beavertown, Pa.—A large doe chased by dogs came down the main street here and taking a flying leap, landed in the garden of Fulmer's hotel.

After a few minutes she again jumped the fence and trotted through the business streets, often stopping to look in windows. The doe returned to the garden and then to the woods.

LUCKY STRIKE cigarette

It's toasted

Wireless Waves Bent by Coast Lines. It has been suspected for some time that electric waves are refracted by the shore lines of large bodies of water. Recent observations bear out the theory and seem to prove that the amount of refraction varies with the length of the wave and the angle at which it crosses the shore. This is to be classed as one of the late discoveries, as it was not generally known during the war.

Best of All Mantles.

You may cover yourself over with silk bedspreads; they will not bring you rest. But just try wrapping yourself about with the mantle of charity and good will toward all men. Then your sleep will be sweet and you will waken ready for the new day.—Exchange.

The Stellar Universe.

The stellar universe has a background of pearly white, and astronomers are guessing whether this shimmering shroud is made of quadrillions of suns or whether the universe is immersed in nebulous matter.

THROW OUT THE LINE

GIVE THEM HELP AND MANY PARIS PEOPLE WILL BE HAPPIER.

"Throw Out the Life Line"—Weak kidneys need help. They're often overworked—they don't get the poison filtered out of the blood.

Will you help them? Doan's Kidney Pills have brought benefit to thousands of kidney sufferers. (Ask your neighbors.)

Paris testimony proves their worth. Mrs. J. T. Mattox, 905 Pleasant St., Paris, says: "Both myself and husband have used Doan's Kidney Pills with very satisfactory results and so far my own experience goes I can recommend them very highly. At times my back would have a weak and painful feeling through it and I would be quite dizzy by spells. My kidneys didn't act right either. I began using Doan's Kidney Pills and they soon relieved the trouble, restoring my strength and giving me better health generally."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mattox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

BASKET BALL GAMES.

The game at the local Y. M. C. A., Friday night between the local Y. M. C. A. team and the team from the Lexington Y. resulted in a victory for Paris by the score of 56 to 27. The Paris boys were up and on their toes at all points in the game, and ran the score in the first half to 32 to 8. As a curtain-raiser the Seventh Grade Midgets of the P. H. S. defeated the K. of C. Midgets by a score of 17 to 6.

The senior teams lined up as follows: Paris—Dawes and Roberts, forwards; Thompson, center; McIntyre and Port, guards; Lexington—Brown and Hoffman, forwards; Potter, center; Clark and Current, guards. Secretary C. B. Harrison, of the Y. refereed the games.

The Millersburg High School girls' team defeated the girls' team of the Wesleyan College Preparatory Class in a game on the Winchester floor Friday night, by a score of 13 to 4. The "prep" boys' team of the K. M. C. lost to the Millersburg Military Institute team by a score of 22 to 15.

The third game between the Paris Knights of Columbus team and the Cynthiana Athletic Club team, played on the Cynthiana floor, Friday night, resulted in the Maiden City basketballers scoring a victory over the Bourbonists by a margin of two points. The final score stood 26 to 24. The Paris boys put up a game struggle and though defeated, gave their opponents plenty to do to achieve the victory.

RESIDENCE AND BARN BURNED IN CLARK.

The nine-room residence and the stock barn of Burnam Adams on the Mt. Sterling pike, near Winchester, all of the contents of the residence and a lot of feed stored in the barn, consisting of 200 barrels of corn and a lot of hay and implements, were destroyed by fire the cause of which is unknown. The place was purchased about two years ago by Mr. Adams from Zack Conner.

EVERGREEN TREES \$1.00 TO \$4.00.

Fruit trees 60 cents to 75 cents. Deciduous trees, hardy flowers, shrubs, vines and strawberry plants. Grow in the Bluegrass and acclimated to this section. "Trade at Home."

BETTER DEAD

Life is a burden when the body is racked with pain. Everything worries and the victim becomes despondent and downhearted. To bring back the sunshine take

COLD MEDAL PARLOR OIL

The national remedy of Holland for over 300 years; it is an essence of all pains resulting from kidney, liver and uric acid troubles. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

Acetic Ether.

Acetic ether is more generally known as acetic ester. It is an ester of acetic acid, especially the ethylester or ethyl acetate, a colorless liquid of agreeable odor. The aroma of vinegar is partly due to its presence. Acetic ester is obtained by the action of metallic sodium on the ester formed by the union of acetic acid and ordinary alcohol. Acetic acid is the sour principle of vinegar, an acid composed chemically of carbon, hydrogen and oxygen.

NATURE PROVIDES THE INGREDIENTS.

Argo-Phosphate, the New Herbal Remedy, Now Endorsed By Local People.

If the digestive organs are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by Brooks & Snapp Drug Co. (adv.)

Cause of Earthquakes.

Modern geological science holds that earthquakes are due to "faulting." "Faults" are breaks in the strata of the earth's surface, the broken edges slipping past each other so that the same rock is found at different levels on opposite sides of the fault. These breaks create weak places in the earth's crust, and from time to time more slipping occurs. When this happens, an earthquake of greater or less violence is the result.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

BRIGHTER EVENINGS

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.

MAPLE SUGAR TIME IS HERE

Only United States and Canada Produce This Much-Prized Product on Large Scale.

EARLY TAPPING IS FAVORED

First Runs Are Usually the Sweetest and Therefore the Best Producers—Ten to Fifteen Trees Enough for Family.

Washington.—Remember the days when you went to the maple sugar parties? Well, maple sugar time is here. The sugar and sirup industry is American and offers good commercial opportunities. Only the United States and Canada produce this much-prized product on a commercial scale, which is at once a delicacy and a highly nutritious article of diet.

Warm days and cold nights are essential to a satisfactory flow, and the sugar content may vary considerably from day to day. Tapping of sugar trees if done properly in no way injures the tree. Trees have been tapped for more than 100 years and are still in good condition.

The maple is well up among the leaders in the American Forestry association's vote for a national tree.

Early Tapping Is Favored. Tap early in the season, says a general bulletin, to obtain the earlier runs, which are generally the sweetest, and therefore the best producers. Makers have lost half and even more of their crops by not being prepared for the first run.

In general, the association points out, the season is ready to open during the first or middle of February in the southern section and later in the northern regions when days are becoming warm—when the temperature goes above freezing during the day and at night below freezing. If the days are very bright, warm, and sunny the sap will start with a rush, but soon slacken, or if a high wind starts the flow is checked.

A thirteen thirty-seconds of an inch (13-32 inch) bit is often used. Its direction should be slightly upward into the tree, the slant allowing the hole to drain readily. With an ordinary tree the hole should not be over one and a half to two inches deep at the best.

Apparatus for sirup and sugar-making does not necessarily represent a large outlay. A number of sap spouts, either wooden or metal, are needed. The sirup is usually gathered in buckets.

From ten to fifteen trees usually will yield enough sirup for family use to make tapping worth while, and in many cases will afford a surplus which can be sold at a remunerative price. The flow of sap depends upon the age, condition and habit of growth of the trees, also upon the character of the weather and condition of the soil during the sap-flowing season.

Figures as to Yields. In a good season a tree fifteen inches in diameter will yield sufficient sap to make from one to six quarts of sirup, which in turn can be concentrated into two to ten pounds of sugar. Larger trees under the same condition will produce correspondingly large yields of sirup and sugar. All hard maple trees, eight inches or more in diameter, may be safely and profitably tapped for sirup and sugar production.

This industry is not confined to circumscribed areas in New England and New York. There are many "sugar bushes" throughout eastern and northeastern United States and south to include North Carolina and Tennessee; west to northern Missouri, Iowa and Minnesota.

A considerable number of maple trees of a sugar-yielding species are found in Washington and Oregon.

Twin Sisters Become Mothers on Same Day

Delmonte, Cal.—Mrs. Mildred Jacques, wife of Claude Jacques of Delmonte, and Mrs. Maud Pierson, wife of a Monterey business man, twin sisters, are proud mothers of girl babies born the same day. The baby cousins weighed respectively the same as their mothers at birth.

BOY SETS HIMSELF ON FIRE

New York Lad Wiggles in School and the Matches in His Pocket Are Ignited.

Little Falls, N. Y.—Pedro Sacherelli, a boy in the eighth grade in the Little Falls high school, was sitting at his desk, wriggling, as boys do. Another boy, sitting near him, saw a column of smoke ascending along Pedro's backbone and circling toward the ceiling. A quick look revealed the fact that matches in Pedro's pocket had been rubbed violently enough to set them on fire.

Other pupils and the teacher jumped to the rescue and Pedro's sweater was jerked off, the fire beat out and the small boy returned to his seat. A considerable hole was burned through Pedro's clothes and he was not hurt, though the fire extinguishers shook him up considerably.

HAVE UNIQUE RECORD

Iowa Pioneers Live 75 Years in Same Spot.

Couple Married Three-Quarters of a Century Bought Their Farm for \$160 in 1845.

Mount Zion, Ia.—Seventy-five years ago Daniel Reneker brought Mary, his bride of a few days, to Iowa from Ohio. Today they still are living on the original homestead they established in the "wild West" in 1845. Reneker will be ninety years of age February 24, and his wife is ninety-seven. Their marriage record and the number of years spent on the same homestead probably can be equaled by few couples.

The couple attribute their long years of life to the fact that they are God-fearing and believe in simple life and simple joys.

Mr. and Mrs. Reneker's married life of 75 years, in the eyes of modern-day folks, contains few thrills. It has been mostly hard work.

Reneker, when a young man, left his home in Ohio to go West to see the country. He returned in a short time to get his Mary. Their honeymoon was spent floating down the Ohio river to the Mississippi on a small boat. On landing at the Mississippi the couple headed north for the cabin Reneker had previously erected in the forest wilderness of Iowa, near the present site of Mount Zion. There they went and there they are today.

The early years were spent in clearing the 160 acres of timber Reneker had purchased at \$1 an acre. Supplies were brought from a trading post 45 miles away. Ground on their tract was broken with the aid of oxen.

Five children were born to the Renekers. Four of them still survive. All are boys. The eldest is Jacob, aged seventy-two, and the youngest is Dr. George W. Reneker, aged fifty-two. The other two "boys" are Joshua and Dallas Reneker. With the exception of Dr. George, all the sons remained near the old homestead. Dr. George Reneker left home at the age of twelve. Today he is a resident of Falls City, Neb., and is the state representative from the First Nebraska district.

The present home of the Renekers was built in 1861 near the site of the original log cabin.

The couple have taken few trips away from their home. They have made several trips to Falls City, Neb., to visit their "boy," Dr. George, and once went back to visit childhood scenes in Ohio.

WATCHING FOR FOREST FIRES

This young woman is an officer of the United States forest service and her post is high on one of the mountain peaks in the National forest in Colorado. Many women are now displacing men as fire observers. The work is interesting and light and the women are filling the jobs satisfactorily. Of course they have other duties besides watching for fires, but as most of them are natives of the country in which they are stationed, they can easily qualify as foresters, having studied the woods from childhood.

GERMANS POUR INTO JAPAN

Number There Before War Practically Doubled, According to Tokyo Paper.

Tokyo.—German residents in this country are steadily increasing in number, the Yamato reports. As compared with pre-war days the number has already been practically doubled, it is said.

Most of the newcomers are employed by Japanese firms as engineers or technicians. According to the same authority, toys, chemicals and dyestuffs worth more than 10,000,000 yen have been imported from Germany since the peace.

Insisted on Courtesy.

Jasper, Ind.—Judge John L. Bretz, who while on the bench had a set of rules which barred discourtesy, is dead. His rules read as follows: "Witnesses and parties will be required to treat attorneys with proper respect and likewise attorneys will be required to treat witnesses and parties with decency and respect, both in examination and argument. Use of words 'liar, perjurer, scoundrel,' etc., in argument is forbidden."

"JUST WONDERFUL" SAYS MISS O'HARA

MEMPHIS WOMAN TESTIFIES TO BENEFICIAL RESULTS FROM TAKING TANLAC.

So many people throughout the United States and Canada have testified to having used Tanlac with such splendid results following influenza, grippe, operation, typhoid and pneumonia, and other troubles which bring on a run-down condition, that it has become universally recognized as one of the most powerful reconstructive tonics of the present age.

Another striking statement in connection with this fact was made by Miss Mildred O'Hara, of 926 Delaware St., Memphis, Tenn.

"I am enjoying better health today," said Miss O'Hara, "than I have in ten years and I am glad to make a statement that may cause others who are needing something to build them up to learn about Tanlac."

"Five years ago I was operated on for appendicitis and was never able until I got Tanlac, to get my strength back. My health was bad for a long time, even before the operation, and I seemed to be gradually going from bad to worse."

"I just think it is the most wonderful thing I ever heard of that three bottles of Tanlac should make me feel so fine after I had suffered so long. It has given me new life, strength and energy that makes living a pleasure. I used to have constant headaches, but now I never have one at all. Tanlac has been my friend and I will never go back on it. It is just grand."

Sold in Paris at the People's Pharmacy. (adv.)

Education.

By science constant appeal is made to individual reason. Its truths are not accepted upon authority alone; but all are at liberty to test them; nay, in many cases, the pupil is required to think out his own conclusions. Every step in a scientific conclusion is submitted to his judgment. He is not asked to admit it without seeing it to be true. And the trust in his own powers thus produced is further increased by the constancy with which nature justifies his conclusions when they are correctly drawn. From all which there flows that independence which is a most valuable element in character.—Herbert Spencer

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv.)

Liked to Hear It.

Little Ruth was put to bed for her daily nap, and during the afternoon a severe thunderstorm arose. Her mother, thinking that Ruth would be frightened should she awake and hear the thunder, started upstairs, and on reaching the top was astonished to find the child sitting upright on the bed clapping her hands, and at each peal of thunder shouting: "Bang it again, God, bang it again."

"CASCARETS" IF SICK OR BILIOUS

Tonight sure! Let a pleasant, harmless Cascaret work while you sleep and have your liver active, head clear, stomach sweet and bowels moving regular by morning. No gripping or inconvenience. 10, 25 or 50 cent boxes. Children love this candy cathartic too.

The First Stenographer.

Isaac Pitman, contrary to common belief, was not the first stenographer. The first stenographer, so far as can be determined by the records unearthed up to the present, was Marcus Tullius Tiro, the scholarly secretary to Marcus Tullius Cicero. Tiro took down a speech delivered by Cato in the year 63 B. C.

HOW ANY GIRL CAN HAVE PRETTY EYES.

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hydragrist, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with its QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE. Brooks & Snapp Drug Co. (adv.)

U. S. TRADE INCREASE

Report Shows Record-Breaking Foreign Business in 1920.

Experts to the Leading Allies in the War Fell Off Sharply, Says Commerce Department.

Washington, D. C.—Increased trade with Germany, South America, the Orient, West Indies and North America accounted in large measure for the record breaking foreign business of the United States in 1920.

A compilation of American exports and imports last year by countries, issued by the department of commerce, shows that exports to Great Britain, France and Italy fell off sharply. Those countries, however, increased their shipments to the United States, as did practically all the other important nations.

American trade with the four principal South American countries—Brazil, Argentina, Chile and Uruguay—totalled approximately \$1,044,000,000, as compared with \$917,000,000 in 1919. American exports to these countries increased more than \$100,000,000 during 1920, totalling \$457,000,000, whereas imports from these countries increased only about \$25,000,000, the total being \$587,000,000.

Trade with Germany during the year nearly quadrupled, aggregating \$400,000,000, but fell far short of that before the war. Exports to Germany reached \$311,000,000, against \$89,000,000 the year before, and imports from that country totalled \$92,000,000, as compared with \$10,000,000 the year before.

American trade with Cuba alone in 1920 exceeded \$1,200,000,000, increasing nearly \$500,000,000 when compared with 1919. Exports of \$515,000,000 to the island republic showed an increase of \$247,000,000, while imports of \$721,000,000 from the republic presented an increase of \$303,000,000.

Spain was the only principal European country which increased its purchases of goods in the American market.

SNEEZE, STUDENTS GET GATE

Offenders in Boston School Sent Direct to Physicians for Examination and Treatment.

Boston.—Sneezing in a classroom at Massachusetts Institute of Technology draws the gate for the offender.

Orders from Dr. George W. Morse, head of Tech's new medical department, instructed members of the faculty to send sneezers and coughers directly to the school clinic, where they can be taken care of.

The epidemic of infectious colds, the order says, has brought the doctors to this drastic step. Not only those who give audible evidence of the possession of a cold through a cough or a sneeze, but even those who, perhaps through an over-red nose, apparently are in the grip of the thing are to be sent to Doctor Morse.

CHEROKEES FORGET OLD ROW

Indian Nation Reunited After Split Over Slavery at Time of Civil War.

Talequah, Okla.—Tribal differences dating back to the Civil war, when the powerful Cherokee Indian nation broke into factions over the question of slavery, were wiped out here when several hundred delegates met and unanimously elected Levi Gritts of Muskogee, a full-blood, as principal chief. Levi Cookson, a mixed blood, living near Gore, Okla., was chosen assistant chief.

For the first time in the history of the nation white men, members through intermarriage, sat at the council and voted. Many of them were unable to speak Cherokee and the proceedings frequently were halted while translations were made.

SPEED CRAZE HITS INDIA

Three Cartloads of Motorcycles Arrive at Jellalabad for Dispatch Service.

Bombay.—Life in Afghanistan is speeding up, writes a frontier correspondent of the Times of India.

Three cartloads of motorcycles have recently arrived at Jellalabad for Prince Kasir Jan, the director of communications, who intends to organize a dispatch rider service throughout the country.

Orders have been issued by the Amir's government for contracts to construct macadamized roads through the country to the capital, and for the importation of automobile vehicles. Firms are also invited to establish woolen mills and sugar refineries at Kabul, the capital.

Seeks to Calm Married Life.

Seattle, Wash.—Justice of the Peace C. C. Dalton announced his purpose to establish a court of domestic relations for adjustment of family troubles under the Washington "lazy husband" act and cases of desertion and non-support.

It will be the first domestic relations court in Washington.

Mennonites to Settle in Mississippi.

Winnipeg.—An agreement has been concluded between representatives of an American land syndicate and H. M. Klaussen, representing Mennonites of Manitoba, Canada, whereby they will purchase 125,000 acres in Mississippi for colonization, a newspaper in Winnipeg has announced.

CATCHING COLD?

MINTOL OFTEN PREVENTS PNEUMONIA.

It is surprising to read in the daily papers of treatments that our forefathers and grandmothers used for coughs, colds, catarrh, and bronchial affections. It impresses the writer with the fact that modern scientific research had not advanced an iota, when as a matter of fact, there have been wonderful advancements in the treatment of all diseases and conditions that bring on disease. Just because grandmother used old-fashioned mustard blisters for relieving colds and congested conditions it is no sane reason why we should resort to the old antiquated methods when there have been such wonderful improvements and new discoveries of remedies which are far more effective and less painful to use.

SPECIAL NOTICE:—A druggist said the other day that a customer came into his store and inquired for a mustard plaster and he suggested to the customer that they try MINTOL as a more modern treatment for congested conditions. The customer accepted the druggist's suggestion and in twenty-four hours the same customer came into the druggist and said: "How long have you handled MINTOL?" The druggist replied that he had been handling it for some little time and the customer frankly stated that he would never use a mustard cream or plaster for colds, coughs, or any congested conditions again. There are thousands of others who would say the same as this druggist's customer did, if they would only try MINTOL. If your druggist cannot supply you we will mail you a jar on receipt of price, 35c, 60c and \$1.25 a jar. The Home Relief Laboratories, Boston, Mass. (adv.)

Various Forms of Bread.

While most countries bake their breads, there are some where boiled bread is the common form. Two of these countries are China and Africa. The daily bread of a large portion of the people of Africa is made from cassava flour. The cassava roots are soaked in water, left to dry and then pounded into flour by means of crude wooden or stone mortars and pestles. The cassava flour is mixed with water till a sticky dough is formed.

Pronunciation of "Viking."

"Viking" is a Norse word, the English form of which is "wicking." It ought not to be pronounced as "viking" any more than the French words *kalf* and *gallegre*. The Norse adjective "veik" means "weak" in English. The vikings were anything but weak. In fact, weakness barred one from ever being accepted as a member of the dare-devil bands of vikings. The very idea of weakness is therefore inadmissible in connection with the heroic word viking.

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California." (adv-T-1f)

Safety Pins Long in Use.

Safety pins can be traced back to the fifteenth century B. C., when pins were made of bone and bent over, shaped like the modern safety pin. Many of them have been found in graves of that period. Since then the safety pin has passed through many changes and been made of various metals. An average of 1,000,000 gross of safety pins are now manufactured yearly.

His Appetite With Him.

A story is told of a jockey who after the race for which he had been long starving himself went to a hotel and ate a leg of mutton. When the waiter asked if he would like some sweets or cheese, he replied: "No, I never eat sweets. But if you have another leg of mutton I think I could manage it."

WOMEN DYE ANYTHING WITH DIAMOND DYES.

MILLERSBURG

—Mr. W. W. Gault is spending a few days in Cincinnati.

—Miss Leona Letton has returned after an extended visit to Mr. and Mrs. Forrest Letton, Paris.

—Union services at the Baptist church last Sunday evening at 7:00 o'clock by Rev. E. K. White.

—The Monthly Aid Society of the Christian Church will meet with Mrs. T. D. Judy Wednesday afternoon.

—Mrs. Martha Vimont left Saturday for a week's visit to her daughter, Mrs. W. A. Munasing, at Maysville.

—Mrs. Frank Hensley and little daughter, Miss Patsy Hensley, have returned from a visit to friends and relatives in Winchester.

—Miss Ruth McClintock returned Saturday after spending two weeks at the bedside of her sister, Mrs. Turner Perry, of Owensville, who continues quite ill.

—The committee on penny lunches for the Graded School pupils have announced that they will serve lunch at noon tomorrow, Wednesday, March 2, in the serving room of the main building.

—Mrs. Frank Bedford has returned to her school duties in this city after a visit to her father, C. N. Martin, who has been ill at his home in Lexington. Mr. Martin is considerably improved.

—One hundred books from the Kentucky Library Commission have been secured by the local Parent-Teachers Association for the use of Graded School pupils. An invitation is extended to make free use of the books, which will be in the school but four months.

—The Parent-Teachers Association met Friday evening in the music room of the Graded school building. After a short program by the school children and a business session the Association was addressed by Mrs. Bettie

S. Harris, of Louisville, State Organizer of the P. T. A.

—Mr. C. W. Brown who has been residing in Philadelphia, Penn., for the past two years, is at home again.

—New surprises by way of a candidate from Millersburg, in the sheriff's race. Further announcements later.

—The basket ball games Friday evening, between the K. W. C. team and M. M. I. resulted in favor of M. M. I. while the game between the Young Ladies of Winchester and M. H. S. resulted in favor of the home girls.

—The Millersburg Twentieth Century Club furnished the program for the Bourbon County Woman's Club, at their rooms in the Masonic Temple, in Paris, Friday afternoon. Mrs. J. Hoard Barnes and Mrs. Carlton Ball sang a duet and Mrs. Ball sang two solos. Prof. Farguhar, of Kentucky University, spoke on "The Modern Drama."

—The Millersburg Twentieth Century Club will give the following program at their meeting to be held on Saturday, March 5: Roll Call. Norwegian Customs; "Synnors Solboken," "The Last of the Vikings," Mrs. Ball. "Njorson, the Poet," Mrs. Current. "Synnors Solboken," Miss Fisher and Miss Ball. Hostess, Mrs. Grimes.

—THE SICK—Mesdames Clara Shanks, Fannie Morton, Anna Darnell and Elizabeth Day continue about the same. No change for the better in the condition of Mrs. Minnie Rule. Mrs. Bessie Caldwell, who has been among the sick for several weeks, is able to be out again. Dr. W. M. Boxley is slightly improved. Mrs. T. W. Current still continues quite ill. Miss Alice Courtney continues to improve.

BOULDEN.

—Our community was startled Friday morning when it was learned that a telegram had been received announcing the death of Mr. Resin Baker Boulden, at the home of his daughter, Mrs. Leonard Morgan West, in Pueblo, Colo. Mr. Boulden was seized with an attack of grippe some weeks ago, and his condition was serious. About a week ago a letter received from his daughter, Mrs. West, was to the effect that her father was much better, and was thought to be on the road to recovery. His daughter, Mrs. Crouch, received a telegram Thursday morning, saying her father was sinking rapidly, and another in the evening announcing his death. Mr. Boulden was in his 83rd year, and the larger part of a long useful life was spent in Millersburg, the home of his birth. He began life when a young man as a school teacher, teaching country schools in Bourbon, Nicholas, Mason and Bracken counties. He afterward accepted work as clerk on steamboats on the Ohio and Mississippi Rivers, and held the honored position of captain on a government boat during the Civil War. After the close of the war he returned to Millersburg and for a number of years held the office of Postmaster under part of the administrations of Grant, Hayes, Garfield and Arthur. After the election of President Cleveland he gave up the postoffice operating a repair shop in

(11)

CITY COUNCIL PROCEEDINGS.

Mayor E. B. January presided at the recent regular meeting of the City Council, at which a large amount of important business was transacted.

The committee appointed to suggest a plan for disposal of accumulated garbage was granted further time in which to investigate and make a report. The Light Committee recommended that an electric street light be placed at the end of Eighth street, in Thornton Division. Payment of \$4.00 a day was allowed two men for one week and one man one day for acting as guards at the Liggett & Myers redrying plant. The report of Mrs. James McClure, treasurer of the Health and Welfare League, was received and filed.

Chas. Paterson addressed the Council, asking that their efforts be used with the Postoffice Department to have mail delivered on Brent street by the city carriers. The residents of that street, he said, had agreed to number the houses and place name plate at the intersection of streets. Councilman Doyle reported outage of street lights on Walker Avenue and Eighth street.

A permit was granted to Jeff Denton and others to erect a two-story brick building on Third street, between Vine and Railroad streets, to be used as an ice manufacturing plant, the structure to cost approximately \$10,000. The Bourbon-Agricultural Bank & Trust Co. submitted a bid for the purchase of \$25,000 worth of street improvement bonds at par and accrued interest, with added cost of \$2,100 for legal fees, etc., which would net the sum of \$22,500. The bid was rejected.

REAL ESTATE TRANSACTIONS

Mrs. Florence Lockhart Clay, of Paris, widow of the late Col. E. F. Clay, bought of Master Commissioner Frank M. Thomson, at Georgetown, last week, sixty-two acres of land, located near Minorsville, in Scott county, for \$3,000.

Arthur Zornes sold through the real estate agency of Mitchell, Moreland & Mitchell, to a party of Paris business men, a brick residence located on Third street, near the Louisville & Nashville freight station, for \$1,500. The purpose to which the property will be devoted was not given out for publication.

clocks, watches and jewelry, until the administration of President McKinley when he was again made Postmaster succeeding Mr. John Jameson, Jr., who died suddenly during his term of office of pneumonia. He then continued as Postmaster from that time until the second year of the administration of President Taft, at which time he resigned in favor of Mr. U. S. G. Pepper. He has since resided with his daughter, Mrs. West, in Pueblo, Colo.

After the close of the civil war Mr. Boulden was united in marriage to Miss Carrie Conway, the eldest daughter of Mr. and Mrs. James Conway. Their married life was blessed with two daughters, Mrs. Leonard Morgan West, of Pueblo, Colo., with whom he resided at the time of his death, and Mrs. Houston Hazelrigg Crouch, of Little Rock, Bourbon county. Mrs. Boulden died about the time the daughters were budding into womanhood. Mr. Boulden was a member of Amity Lodge No. 40, F. & A. M., of Millersburg, at the time of his death, and had been a member for a number of years. He was a life long member of the Christian Church, and for many years during his long and useful life in Millersburg, was ruling elder in the church.

He was a cripple from early childhood, and though he was never a man of means, was perhaps the most useful and one of the best-known citizens that ever resided here. He has written more wills, deeds and contracts, than any one man in Millersburg. While he has been away from us for about ten years his name is mentioned in public almost every day.

It was his dying request that his remains be laid to rest in the Pueblo cemetery, by the side of his two little grandchildren, which was done after an appropriate funeral service at the home of his daughter, Mrs. West, Saturday afternoon. The funeral arrangements were not made in time for his youngest daughter, Mrs. Crouch, to be present.

MATRIMONIAL.

A marriage license was issued from the office of the Fayette County Clerk Saturday to Marsh Gibson, 26, oil operator, of Wayne County, and Mrs. Stella Miller, 29, of Hutchison, Bourbon county.

JORDAN—PRIDEMORE.

Miss Josephine Jordan and Robert Pridemore, both of this county, were married at the home of the officiating minister, Rev. W. M. Williams, at Hutchison, having been granted marriage license from the office of County Clerk Pearce Paton, in this city. The attendants were Miss Mary Jordan, sister of the bride, and Swift Pridemore, brother of the groom.

After the ceremony Mr. and Mrs. Pridemore motored to the home of the groom's parents, Mr. and Mrs. James Pridemore, near Paris, where they were guests at a wedding dinner.

RELIGIOUS.

Pastors of churches throughout the State have been requested to preach each Sunday during the month of March on some phase of the subject, "Life Service." It is the earnest desire to have all the young people of the churches attend these services. Let each one consider himself or herself a committee of one to invite one or more persons to attend these services.

—Throughout Kentucky, Presbyterian Sunday schools will take up contributions March 13 for the China Famine Fund, the organization which has been delegated by President Wilson to handle the funds for the various relief organizations in the five famine stricken districts of North Central China. Resolutions naming the day were received by the Rev. Dr. E. Y. Mullins, chairman of the fund, from the Executive Committee of the General Sunday School Board.

URGES VOCATIONAL EDUCATION.

At the recent meeting of the North Middletown Mothers' Club, held in that city, Secretary Wm. E. Hacker, of the Paris Commercial Club, delivered an instructive and comprehensive address on the subject of "Vocational Education." In his address Mr. Hacker emphasized the fact that "education consists of the full rounded development of the mental, moral and spiritual attributes of the child," and that this development must be along practical as well as theoretical lines at the present time. He stated that this is an age of specialization, and that the "jack-of-all-trades" will soon be a thing of the past.

The occasion was a display of boys' homecraft work as exemplified in the work done in the Graded School. The first prize was awarded to William Evans for a hand carved toy chair. A very unique toy chair made from goose quills, by Vernon Myers, was awarded the second prize. Third prize went to Hughes Evans for a doll's hat. The exhibit was held in the primary room of the Graded

School. A large crowd was in attendance, and great interest was manifested in the exhibits. Short talks were made by Rev. F. M. Tinder and J. O. Evans.

ISSUES INSTRUCTIONS TO RURAL PATRONS.

A notice has been sent out by the Postoffice Department, calling at-

tention to the fact that all rural mail patrons, when practicable, should place their mail boxes on the right hand side of the road, and in such position as to enable the carrier to obtain the mail without alighting from his car or vehicle.

It is also urged that the approaches to the boxes be kept free of obstructions, and everything possible done to expedite the prompt and accurate delivery of mail.
